

Lars

Giuseppe Viganò

I divani Lars sono disponibili in due diverse altezze di schienale (alto o basso). Nella versione bassa la componibilità è massima: la collezione infatti è costituita da numerosi elementi quali chaise longue, penisole e pouf. I piedini o il basamento a slitta sono in metallo verniciato; l'imbottitura è in piuma e poliuretano, il rivestimento può essere in tessuto sfoderabile o in pelle. Lars inoltre può essere abbinato ai tavolini Fard, con struttura in metallo verniciato e piano in legno, disponibili in quattro diverse dimensioni.
