

## PIERRE

POUF  
OUTDOOR  
design Studio Contromano  
2020

Collection of poufs in three dimensions, with uneven forms that are reminiscent of pebbles. The padding and cover were specifically designed for outdoor use; the cover, available in a wide range of fabrics and colours, is totally removable and enriched with visible topstiches that define their rounded shape. Combined with the coffee tables of the same series they create unique and playful compositions that can be easily arranged and rearranged.

A cover in waterproof and breathable polyester fabric allows the poufs to be kept in good conditions when not in use and it protects them from atmospheric agents and from the effects of sunlight.
